> CALLAWAY CSI PRO

THE Callaway CSI PRO Laser Rangefinder features club selection information, a proprietary technology that will suggest a club based on distance to the flagstick. This laser is designed to deliver precise distance measurements in a compact, and easy to use device.

Features include:

- Slope Technology: measures angle of incline/decline then calculates the slope adjusted distance (side button to turn on/off and is legal for tournament play with slope disabled)
- P.A.T. with Pulse Technology in delivering a short vibration when the laser hits the pin – from as far as 300 yards away.
- Club recommendation based on adjusted distance measurement
- Magnahold: integrated magnets allow for quick access and storage on golf carts
- Scan landscape to acquire multiple targets
- 6X Magnification allowing for a range of 5 to 1000 yards
- Measure in yards or metres
- Superior Accuracy [+/- 1 Yard]
- Water/Fog resistant
- Includes a premium moulded hard carrying case with bungee cord closure

RRP: \$399

> CALLAWAY PROXS

THE ProXS Laser Rangefinder utilises Callaway's most advanced laser technology in one device. Featuring Pin Acquisition Technology (P.A.T.) with pulse confirmation, and slope adjusted distances, the PROXS is capable of providing exact distance measurements with extreme precision.

Features include:

- Slope Technology: measures angle of incline/decline then calculates the slope adjusted distance (side button to turn on/off and is legal for tournament play with slope disabled)
- P. A.T. with Pulse Technology in delivering a short vibration when the laser hits the pin – from as far as 300 yards away.
- Scan landscape to acquire multiple targets
- Magnahold: integrated magnets allow for quick access and storage on golf carts
- OLED Red Display
- 7X Magnification for a range of 5-1200 yards
- Measure in yards or metres
- Superior accuracy [+/- .5 yard]
- Water/Fog resistant
- Includes premium moulded hard carrying case

RRP: \$599

> SWAMI LZ-i

WITH the click of a button, get all the distance measurements needed during a round of golf. With slope technology, accurate adjusted distances to the flag can be accessed as the Swami LZ-i Laser Rangefinder from IZZO measures the angle of the incline or decline as well as calculating the slope adjusted distance displayed on the screen. Perfect for the pros wanting accurate distances during their practice rounds, while also being ideal for golfers of all levels.

Features include:

- Equipped with 6x magnification, featuring a range of 5-800 yards and even measure in both yards and metres
- I-Caddie Technology provides a club suggestion based on your distance to the flag
- Pin Acquisition Technology (P.A.T.) lock onto a pin up to 300 yards away and accurate within +/- 1 yard
- Adjust the slope feature on/off using an external switch to make it legal for tournament play
- Premium soft shell carry case comes with carabiner so it can be easily clipped onto your golf bag

> WHY CHOOSE BETWEEN LASER AND GPS?

BUSHNELL'S Tour Hybrid gives you both – with slope-adjusted precision, Tour-trusted accuracy, and features built for Aussie conditions.

For years, golfers had to pick their weapon: the pinpoint accuracy of a laser rangefinder, or the course-wide smarts of GPS. Now, the Bushnell Tour Hybrid makes the choice easy – by putting both in one rugged, weather-ready device.

Look through the viewfinder and you'll see laser distance to the pin right alongside front, centre, and back yardages from built-in GPS – all slope-adjusted for "plays-as" accuracy. Bushnell's Tour-proven slope algorithm factors in ball trajectory, not just elevation, for numbers you can trust on every swing.

Confidence comes standard with PinSeeker with Visual JOLT, giving you a tactile buzz and a flashing red ring when you've locked on target.

Built to perform in Australian conditions, it's IPX6 weather-resistant, sports a premium fit-and-finish, and features high-contrast 6x magnification optics that stay sharp from tee to green. In a game where every yard counts, the Tour Hybrid ensures you never guess the distance – you own it.

Bushnell Tour Hybrid – See it. Trust it. Hit it.

RRP: \$899
