> AUSTRALIAN GOLF EQUIPMENT

WITH an impressive lineup of push buggies, stylish bags, precise rangefinders, and full complement of essential accessories like gloves, tees, head covers, balls, and handy buggy packs—Stinger proudly stands as the premier brand for Australian Golf Equipment (AGE), elevating every golfer’s experience on the course.

Boasting a diverse lineup of products and the largest range of Push Buggies in Australia and abroad, Stinger covers every golfer’s needs with innovative designs, functionality and accessories, giving AGE a competitive edge and advantage over their competitors.

Within this range, Stinger also has its own remote control electric buggy, the SG-4 Crossover, which is taking the industry by storm. Compact, fast folding and a sturdy design that is extremely lightweight, it also comes with a highly competitive price tag making it attractive to all golfers, especially women golfers who can be put off by traditional heavy, bulky golf products.

Also, with a focus on empowering women golfers, AGE secured the Australian distributorship of the PowerBug electric buggy. The PowerBug distinguishes itself with options for standard and downhill braking, a feature that caters to diverse course terrains, and with the buggy’s lightweight build, it enhances portability without sacrificing durability.

The buggy’s one-button folding mechanism makes it incredibly easy to use, while its unique half-speed settings help golfers find a comfortable walking pace. This thoughtful design aligns perfectly with Stinger Golf’s mission to create an enjoyable and accessible golfing experience for women.

The core pillars that define the success of AGE are its innovation, quality and the customer service, provided from the Stinger headquarters, where this Australian Family

Business headed up by Tony Micallef, Charlotte and Chris Hyne work diligently across all aspects of the business. In addition, Julie Hyne, mother of Chris and Charlotte and Certified Image Professional contributes her extensive expertise with design and branding of the company, adding a distinct family flair.

By delivering outstanding customer service, top-quality products, and comprehensive technical and warranty support, Stinger has earned the loyalty of golfers across Australia, driving rapid growth and brand recognition nationwide.

“We do what we say we will do,” Micallef says in emphasising a mantra that reflects AGE’s promise of reliability and excellence, fostering both rapid growth and unwavering customer loyalty.

Stinger Golf goes above and beyond by maintaining direct, hands-on engagement with golfers nationwide. If you’re seeking a brand that prioritizes your needs and delivers an exceptional experience, Stinger has you covered.

To indicate its exceptional growth, AGE has recently expanded its factory outlet and Head Office in Dromana, escalating its scale of operations to cope with the growing demand of its entire product range, but especially its jewel in the crown, the SG4 Crossover.

Moving forward, the company will continue its growth with plans to leverage more online platforms and releasing a signature and exclusive stockist partner program, making it easy to order and offering margins that will help selected golf businesses prosper by satisfying their own customers with choice and quality products instead of shopping at big box retailers.

Stinger products are already on strategic partnership sites like Bunnings, Qantas, Harvey Norman, Lasos, Decathlon and Rebel Sport New Zealand which has significantly extended their market reach and enhanced the product accessibility and visibility globally.

Explore AGE and their innovative offerings while supporting a locally owned family business and brand which has captured the true spirit of everyday golf in Australia.

For more information visit www.stingergolf.com.au or call 03 5924 6056 and speak directly to one of their friendly sales team.

> MGI AI NAVIGATOR GPS+

THE MGI Ai Navigator GPS+ is designed with an integrated GPS system built into a super responsive high-resolution 4" full colour all-weather touchscreen display which will connect you to over 40,000 courses worldwide. The integrated high performance GPS system delivers fast and accurate distances to all parts of the course. This clear view of the hole will be further enhanced by the complimentary interactive MGI App. The App comes with maps, scoring and can be your MGI Sureshot handheld device which can be taken anywhere. When connected via Bluetooth you will receive notifications from your phone onto you Ai Navigator GPS+ screen, giving alerts to SMS, emails, and incoming calls. The MGI Ai Navigator GPS+ also comes with MGI's globally renowned fully directional handheld remote control which can be used from over 100 metres away allowing you to walk the course with ease. With MGI's patented gyroscope straight tracker technology your MGI Ai Navigator GPS+ will stay on track across any terrain.

Battery: Lithium 24v 380Wh battery (Standard)

> MGI ZIP NAVIGATOR AT

WE are excited to announce the release of the new model MGI Zip Navigator AT. A fresh new look showcasing a seductive matte black gloss design, complimented by a striking gloss top box, chassis cover and battery. Other upgrades include a newly designed screen, a wider range of speed options and a new lithium battery. Perfect for the modern golfer. The performance of the Zip Navigator AT is still unparalleled, with our patented Gyro technology and is jam packed with our iconic MGI features for conquering the toughest golf courses. Designed with independent swiveling front wheels for added strength and stability, the Zip Navigator AT incorporates a full directional remote control, allowing you to effortlessly walk free and play hard. On even the most rugged and hilly courses, watch while your buggy traverses the landscape with conviction using the Patented gyroscope Straight Tracker technology. Now you have no boundaries, no excuses.

Battery: Lithium 24v 299Wh battery (Standard)

Available Colours: Matte Black Gloss **RRP: \$2,499** mgigolf.com

> MGI ZIP X5

A FRESH new look showcasing a seductive matte black gloss design and finished off with some impressive new wheels! Make it a level playing field with the MGI Zip X5 with the ingenious advantage of Downhill Speed Control and an Electronic Park Brake. The downhill speed control eliminates the need for the golfer to manually adjust the speed control when walking downhill creating an effortless, weightless transition on all downhill terrains. Such a feature allows the golfer to focus only on the next shot, leading to lower scores and increased satisfaction. Plus, park on any incline by activating the electronic brake at the press of a button. The MGI Zip X5 is the game-changer.

Battery: Lithium 24v 250Wh battery (Standard)

Available Colours: Matte Black Gloss **RRP: \$1,749**
mgigolf.com

> MGI ZIP X3

PACKED full of desirable features, the MGI Zip X3 will turn heads with its stylish look and modernistic design whilst being effortless in its operation. For effortless play, the MGI Zip X3 is built on a platform of signature MGI features like a Controlled Distance Function, a swiveling & lockable front wheel and all-terrain tread wheels. To help improve your game and feel in control, the advanced digital electronics will provide valuable statistics, like distances walked and longest drive. Showcasing a new look with matte black gloss design and some stylish new wheels.

Battery: Lithium 24v 250Wh battery (Standard)

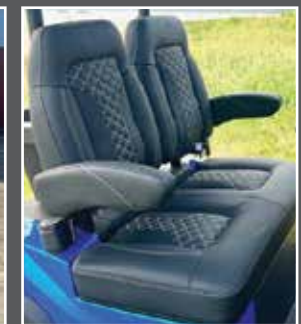

Available Colours: Matte Black Gloss **RRP: \$1,499**
