> SUN MOUNTAIN H2NO LITE CART BAG – 100% WATERPROOF

SPOIL the golfer in your family this Christmas with one of the stunning new Sun Mountain H2NO Golf Bags.

Meticulous design and love for the game come together to deliver the best functionality possible. Every Sun Mountain bag is designed to fit your style, whether you prefer to walk the course or ride in a cart.

Each bag has full-length dividers to protect your clubs and ample pockets including a velour-lined valuables pocket, insulated drink cooler and a full-length clothing pocket.

Constructed with the same waterproof technology as Sun Mountain's rainwear, the H2NO range has high-quality, water-resistant zippers, sealed seams and is 100% waterproof.

Choose from 12 great new colours in the cart bag range or five colours in the stand-bag range. The H2NO line is perfect for the golfer who won't let a little bit of rain spoil their day.

RRP: \$469.99

Available at all leading golf clubs and outlet across Australia or online at

> TEE2 – YOUR TEE SHOT ALIGNMENT TRAINING AID

WHETHER you're a hooker or a slicer, a bomb hitter or a soft stroker – every golfer's aim is to knock down their numbers.

Developed by an internationally renowned engineer, the Tee2 Alignment Training Aid has been designed to assist golfers of all skill levels to improve accuracy and help them approach their tee shots with increased confidence.

Just 5 degrees off is enough to put you in the trees, hit more fairways with better Tee Alignment.

The Tee2 Alignment Training Aid is a simple, subtle and powerful way to improve your alignment. But don't pull it out during competition golf – it's not approved for competition.

Try it out on the range, during a casual round, or just as the occasional assistant to get you back on the fairway.

Set yourself up for a successful round by making sure there is a packet of Tee2 Alignment Training Aids in your golf bag.

Order two packs online and get the third free with code **INSIDEGOLF342** (applied at checkout).

RRP: 5 pack – \$18

10 pack – \$25

(Available in red, pink and yellow)

> MGI ZIP NAVIGATOR

STAY on track with the MGI Zip Navigator motorised buggy.

Designed with a single front wheel for effortless manoeuvrability and a lightweight footprint, the Zip Navigator incorporates a full directional remote control with the power of a 380Wh lithium battery that powers twin 230Wh electric motors, allowing you to walk freely and focus on your game. Featuring Patented Gyroscope Straight Tracker Technology, the MGI Zip Navigator motorised buggy conquers any golf course terrain.

On even the most undulating courses, watch while your buggy handles the landscape with ease as the adjustable neck and bag supports ensure your clubs stay safe and secure all day.

Walk comfortably on any of the 9 speed settings and experience the game changing Zip Navigator.

RRP: \$2,199.00

www.mgigolf.com

> MGI ZIP X3 MOTORISED BUGGY

PACKED full of desirable features, the MGI Zip X3 will turn heads with its stylish look and sleek, modern design whilst being whisper-quiet in its operation. For uncompromised focus on your golf game, the MGI Zip X3 does all the heavy lifting for you. The Zip X3 is built on a platform of signature MGI features like a Controlled Distance Function, a swivelling & lockable front wheel and all-terrain tread rear wheels. To help improve your game and feel in control, the advanced digital electronics on the LCD top box will provide valuable statistics, like distance walked, shot distance, battery power & speed.

Available Frame Colours: Black & Titanium Grey.

> SURESHOT PINLOC 6000iPSM

FEATURING Slope, Pulse and Intelligent technology, the powerful Sureshot PINLOC 6000iPSM laser rangefinder is the most advanced member of the Sureshot PINLOC family.

Featuring a magnetic casing, this laser rangefinder is designed to attach to a cart or buggy frame for quick, repeat access. With water and shock resistance, the PINLOC 6000iPSM can withstand all conditions on the course.

The PINLOC 6000iPSM features Pulse technology that once locked onto your desired target will emit a reassuring vibration to ensure you've measured the right distance. This Sureshot rangefinder also has a Slope feature that compensates and adjusts the measured distance based on the angle of incline or decline you're on, giving you the most accurate yardage possible to your target.

RRP: \$429.95 www.mgigolf.com

> SUN MOUNTAIN STELLAR WOMEN'S CART BAG

A POPULAR choice amongst female golfers, The Stellar is a lightweight, full-featured riding cart bag.

For convenience, all pockets are front-facing so they are accessible when the bag is on a cart and the top has two integrated lift-assist handles for lifting the golf bag on and off the cart.

The full-length club dividers protect clubs and prevent the migration of club shafts.

Available in two great colours; Berry/Coral and Navy/Tahiti/Blue.

> MGI LITE-PLAY CART BAG

FEATURING a lightweight build with premium materials, the MGI Lite-Play cart bag is made for the golfer who wants to look stylish and stay organised out on the course.

Our BAGLINK® technology is uniquely designed to lock the bag onto any Zip Series model and prevents your bag twisting or turning during your round. Complete your kit and pair your Zip Series model with an MGI Lite-Play cart bag.

RRP: \$249.95

www.mgigolf.com

> SURESHOT AXIS GPS WATCH

FEATURING a sleek black design with brushed metal buttons and a flexible silicone band, the Sureshot AXIS GPS Watch can be worn as an everyday timepiece and a wrist-worn GPS device. Designed to identify distances to hazards such as water and bunkers, the Sureshot AXIS GPS Watch will never forget your score. With a 10 round memory and automatic hole advancement, the AXIS GPS watch will remind you to enter your score then automatically move to the next hole once you have reached the following tee box, calculating your stroke and stableford points based on your specific handicap.

Choose from over 38,000 worldwide golf courses and receive accurate GPS measurements to help you always #knowthedistance.

RRP: \$279.00

www.mgigolf.com

> GOLF CART BATTERY REVIVER

ARE your golf cart batteries getting old and slowing down or would you simply like to increase their life by up to three times?

There are no moving parts in a battery. The main reason a battery fails is the natural process called sulphation. This is the build up of sulphur crystals on the lead plates inside the battery. This results in two things happening to the battery.

Firstly the battery or batteries suffer reduced voltage caused by the sulphur crystals, in effect, suffocating the batteries and preventing them from achieving the correct voltage and secondly it weakens the sulphuric acid.

Both of these result in the reduced performance of the golf cart and eventual replacement of the batteries.

The Battery Reviver rectifies both of the above problems.

Patented in the USA, the device sends a square wave transmission through the batteries dissolving the sulphur crystals that have been suffocating the batteries and in turn restoring the sulphuric acid back to its original strength.

The Battery Reviver is compact and easy to fit. It is powered by the batteries and is designed to be left connected permanently.

Once it has cleaned the sulphur from the plates it will prevent them from sulphating up in the future.

The Battery Reviver can also be fitted to new batteries to prevent them from sulphating, extending their life by up to three times.

Here is just one of the many testimonials on their website:

"I just thought I would let you know that I received the Battery Reviver and installed it on my EMC golf cart last Sunday then went and played 18 holes. Normally, when I finish a round of 18 holes, the top bar of the battery indicator is not lit up, and occasionally a second. However, on Sunday even the top bar was still lit. I wasn't expecting such an immediate improvement but it certainly appears to be working for me so will certainly be telling my mates about it."

The Battery Reviver is available for just \$298 plus postage and handling.

For more information or to order go to www.batteryreviver.com.au or call 1300 852433.

> SRIXON Q-STAR TOUR DIVIDE

DOUBLE the colour means two new ways to see the game. First, see your line on every putt with a 360 degree alignment line. Then, see your spin on every wedge shot with a unique strobe effect that will help you improve your short game. Plus, DIVIDE

> BUSHNELL GOLF PHANTOM 2

THE NEXT EVOLUTION – EASY TO USE, CONVENIENT GOLF GPS, NOW WITH MORE BITE

THE Phantom 2 has evolved with numerous upgrades from its predecessor. Introducing GreenView distances with movable pin placements for more accurate distances, the Phantom 2 now offers "Dynamic Green Mapping," to provide distance measurements based on a golfer's line of play. Preloaded with more than 38,000 courses – along with up to six hazard/layout distances per hole. The Phantom 2 has upgraded "BITE Technology," an integrated, high-powered magnet that allows golfers to easily attach the device directly on a cart bar, providing quick and easy yardage readings with 40% larger text. Additional features include auto course and auto hole recognition, shot distance calculator and a battery life of eighteen-plus hours.

"Bushnell Golf prides itself on providing easy to use distance measuring devices for golfers of all skill levels, and the Phantom 2 delivers the simplicity and convenience golfers are looking for in a measuring device," said William Flood, Global Product Manager at Bushnell Golf. "Phantom 2 provides golfers with the critical distance information they need, while offering the convenience and reliability they are accustomed to from Bushnell Golf GPS products."

Bushnell Golf's latest, the Phantom 2 also integrates the Bushnell Golf Mobile App. The Phantom 2 uses the app to provide all course updates and additional course information to arm golfers with the confidence needed to hit accurate shots into greens.

The Phantom 2 is offered in four colors – Gray Camo, Neon Orange, Bright Royal Blue and Black – and will be available at retail in late-April for \$229.00

> GOLFERS' BUNKER MATE

THE Golfers' Bunker Mate is proudly Australian designed and manufactured and is a great Christmas gift idea for the golfer who has everything.

It's a sleek, light and durable personal rake that makes the traditional golf course rake a thing of the past. It allows a player to carry his or her own collapsible, lightweight rake to reduce your exposure to infection.

The features include:

- Easy to use one handed, weighing only 525 grams;
- Adjustable Aluminium Telescopic handle with twist locking mechanism;
- Simple push-button adjustable head with shark tooth tines.

It significantly reduces your time preparing for your bunker shot and moving on to your next shot and it's easily carried in most bags or buggies. The Bunker Mate is constructed from material used in the automobile and airline industries.

RRP: \$89

Special Xmas deal for Inside Golf readers is free delivery for orders placed prior to December 25, 2021.

> MIZUNO ST-G 220 DRIVER

BUILDING on the success of the ST-Z and ST-X drivers and featuring Mizuno's new SAT2041 Beta Ti face and complex carbon construction to deliver both potent ball speeds and a dense, satisfying sensation at impact, the ST-G 220 driver adds unparalleled adjustability to the mix for super-precise fitting.

Mizuno's ST-G 220 driver has shorter lateral weight tracks allowing a new center/back weight port. The combination of three tracks and two moveable weights mean the ST-G can be transformed from ultra-low spinning bomber to a highly playable mid-spinning option, with fade or draw bias in both.

RRP: \$949

www.mizunogolf.com

> MIZUNO T22 WEDGES

THE T22 refines Mizuno's players shape once again and introduces four different sole grinds for varying techniques and conditions.

- S Grind – minimal sole grind for fuller shots and lower lofts
- D Grind – moderate heel and toe relief, allowing gentle manipulation of the clubface
- C Grind – heavy heel and toe relief for more skilled players and firmer conditions
- X Grind – extreme heel and toe relief for the real short game maestros.

One-piece Grain Flow Forged using HD Boron and a new microlayer of copper, deliver an extra split-second of control at impact.

RRP: \$309

www.mizunogolf.com

> MIZUNO PRO

HISTORY in the making. The new Mizuno Pro lines features the Mizuno Pro script which had previously been exclusively used in Japan, a new satin finish, and the continued inclusion of the copper underlay and Grain Flow Forging from the MP 20.

MASS has been relocated from the heel towards the middle of the clubface to provide a slightly muted sound, and features a shorter, more compact appearance – especially in the 8, 9, PW.

RRP: 221 - \$319

BUILT for distance, sized for tour. Smaller than its predecessor, the MP20-MMC, most noticeably in the scoring irons. The 223 features a Microslot in the 4-7 irons for higher ball speeds and launch to make the transition to longer irons easier.

RRP: 223 - \$3329

OUR second generation of the extremely popular Hot Metal Blade. Featuring increased tungsten weighting (2-8 iron) to improve long and mid iron launch, and a more compact look than its predecessor.

RRP: 225 - \$329

BUILT with a priority on ball speed, the new Mizuno Pro Fli Hi features the same materials in the face as our fairway woods, combined with a 21-gram tungsten weight dedicated to producing a consistent, high launching, reliable flight.

RRP: Fli Hi- \$399

Release date: February 3, please contact your Mizuno retailer for fittings.

> NIKE REACT INFINITY PRO GOLF SHOES

BUILT with revolutionary cushioning and innovative traction, the Nike React Infinity Pro gives you the support, comfort and grip you need to play at your best. The Nike React Infinity Pro features NIKESKIN technology which is a soft, lightweight and breathable textile which assists with keeping your feet cool and dry. The upper is reinforced by a thin, flexible TPU overlay which provides further waterproof protection, while the overlay at the midsole and the internal heel counter also provide stability through the swing. Nike React cushioning is ultra-responsive for a smooth ride, enhanced by the foam sock liner for extra supple cushioning where you need it most. The piston spikes and a data-informed traction pattern give you exceptional grip. The spikes are designed to compress with pressure for better energy return and extra comfort throughout your round. The Nike React Infinity Pro has a 1-year waterproof warranty.

> GOLFBUDDY AIM L10V RANGE FINDER

THE aim L10V, GOLFBUDDY's most compact and sporty laser rangefinder now comes with an added voice feature! The voice feature quickly and conveniently reads your distances aloud from your location to the intended target on the green. The new ergonomic and sporty design fits perfectly in your hand and the L10V automatically shuts off after 15 seconds when left unattended to help save battery life. The aim L10V also features three targeting modes: Standard, Scan and Pin with vibration mode. For incredibly accurate readings the GOLFBUDDY aim L10V provides slope-adjusted distances. The slope-adjusted distances help you incorporate the elevation of the hole, providing a better perspective of your shot and making club selection even more accurate. Whether you are a golf pro or a casual golfer you know that golf is all about accuracy. GOLFBUDDY are experts in helping you improve your golf game.

> DG FLOWLINE PUTTER RANGE

FORGED irons are famous for being great-feeling golf clubs, as are our putters. They are made with softer steel that has more carbon in order to make them more workable, keeping the grain of the steel packed in tight.

This is what gives Flowline forged putters that signature feel and feedback and why the golfers who use our putters love them and prefer this manufacturing process. Our putters are also works of art.

The putters come in recognisable blade designs from the Model-I to the Model-X offering perfect alignment markings and an added 'V' on the Model-V.

This all combines to give the player the feedback they need to gauge pace and the balance to help keep your stroke on plane. Keep an eye out for the Model-XI that will come in both left- and right-hand options.

Our quality putters can be customised with different shaft and grip options to suit almost any golfer.

RRP: \$499.00 www.dggolf.store

> GRAVITYFIT TPRO

A FAVOURITE training tool of PGA Tour players such as Cameron Smith and Erik van Rooyen, as well as coaches and golfers around the world, the GravityFit TPro comes in a variety of strengths to suit all sizes and skill levels.

Backed by 30 years of science, the TPro is a true, multi-use tool delivering:

- Swing improvements – develop better dynamic rotation, more width and improve sequencing and connection;
- Posture improvements – sensory feedback to help you feel and learn a better golf posture; and
- Power improvements – targeted resistance to activate deep muscles to build spinal and shoulder strength and stability.

The GravityFit TPro comes with exercises and drills suitable for all

golfers, and can be used when practising full swings, chipping, putting or in general exercise.

Shop now at gravityfit.com/golf and use coupon code **InsideGolf 21** for a 20 per cent discount.

RRP: \$99.95 ex GST.

> PARMAKER SCOUT

The Parmaker Scout is the strongest and most reliable walker on the market. Parmaker uses the latest materials and manufacturing techniques to build the Scout, and its 3 and 4-wheel siblings, the Spirit and Explorer.

Unlike many other walkers that are imported from overseas, the Scout is resolutely Australian - built from the ground up in Parmaker's Mordialloc factory. Features include comfortable speed control, solid rubber wheels, reliable front wheel suspension and a storage compartment.

If you want a product that will last, and will fit easily into the boot of most cars, the Scout is the only sensible choice.

RRP: \$995 (Scout with battery and charger, delivered anywhere in Australia)
www.parmaker.com

> LUXURY PADDED SEATS AT AN AFFORDABLE PRICE

ARE your seats peeling or splitting, faded from the sun or do you just want more comfortable seats in your golf cart?

As a solution, Carts'n'Parts Australia have exclusively produced an easy to fit, zip-on padded seat cover that equals, if not surpasses, the quality of custom-upholstered seats.

The seat covers will fit all major brands such as ECAR, EZGO and Club Car and are in stock and ready to ship.

Using a unique diamond and hexagon stitch pattern, these seat covers are guaranteed to draw attention and scream for you to take a comfortable seat.

For the added luxury of comfort, medium density foam has been added to the cover to give a soft and padded feeling whilst still provided shape to the seat. Combined with marine grade, low-heat, vinyl used by many major boat brands, the covers are made to be used and made to last.

Where custom-upholstered seats start at \$999 a set, these covers are half that cost and are a reasonable and sensible accessory for you cart.

Is there anything on your cart that you will use more than the seats?

RRP: \$499 (for a set of 1 x base and back support)
For more information call Carts'n'Parts Australia 1300 93 88 11 or visit the website www.cartsnparts.com.au

www.leishmanlager.com.au

and enter the code **IG10** to get 10 per cent off all Leishman Lager merchandise.

> PING GLIDE FORGED PRO WEDGES

ENGINEERED for golfers in search of versatility and improved shot-making inside the scoring zone, PING has introduced the Glide Forged Pro wedge series. The tour-inspired, high-spinning design is offered in two grind profiles and multiple loft options to fit players who rely on precision and control to shoot lower scores.

PING's engineers designed the Glide Forged Pro for golfers who focus on saving shots into and around the green. The smaller heel-to-toe head, which is forged from 8620 carbon steel, creates a captured look at address, giving players the confidence to manipulate the head to help execute any shot they are facing.

The 50° and 52° lofts feature wheel-cut grooves with a 20° sidewall to optimise performance on full shots. The 54° to 62° options are milled with a 28° sidewall and tighter radius for more spin and precision on finesse shots around the green and from the sand. The hydropearl 2.0 chrome finish adds to the higher spin and lower launch, especially from wet and rough conditions.

The custom-fit, custom-built Glide Forged Pro wedges are now available for pre-order at authorised PING retailers.

RRP: \$350 per club with stock steel shaft;
\$380 per club with stock graphite shaft.

PUREFORM

STRAIGHTER LONGER BETTER.

"Incredible fitting with Michael, I have dropped 8 off my handicap in 2 months and gained an average of 40m with my driver also, highly recommend and worth the money."

- Kade McKenzie

"Had a driver fitting today with Jeffrey and was totally amazed, within 10 minutes he had me hitting it 15 to 20 yards longer. He then talks you through the building process, explaining the finer points and technical stuff about shafts in a way that made it easy to understand."

- Mark Wittchell

IMPROVE YOUR GAME OVERNIGHT

- The authority in club fitting in Australia - Over 210 reviews. 5 star rating on Facebook
- For all golfers no matter what your level. From beginners to pros
- Improves your game immediately based on fitting technology and most suitable equipment. Brand agnostic. 15m gained on average

Q: How does club fitting work?

A: You hit with your current equipment to collect data. This is then used to find the best shaft and head combination amongst all the current brands to find the perfect combo, which is compared to your own. The numbers tell the story.

Q: I just started playing golf, will this work for me?

A: Properly fitted equipment makes the learning process easier and faster.

> FLOW-RITE PRO-FILL SINGLE-POINT BATTERY WATERING SYSTEM

THE Flow-Rite Pro-Fill Battery Watering System is specifically designed to water golf car style deep cycle batteries.

The watering system works by replacing the battery's existing vent caps with valves that are interconnected with tubing, allowing the user to fill all cells of the battery from a single remote location.

Each valve independently shuts off water flow to the cell when the proper electrolyte level is reached, allowing the batteries to be filled perfectly every time without having to look at the batteries.

The entire process takes less than a minute. Save time and money on golf cart maintenance without compromising on safety with the Flow-Rite Pro-Fill Battery Watering System available at all R&J Batteries branches.

For more information, visit www.rjbatt.com.au or call 1300 769 282.

> NEVER PLAY THE WRONG BALL AGAIN

THERE wouldn't be a club golfer who hasn't hit the wrong golf ball in error during a round of golf. Sure, you can mark your ball with a messy marker pen, but that is not always a unique identifier.

So, why not mark it with That's My Ball™ – the quick and easy golf ball identity stamp. It clearly identifies your golf ball in seconds so you will never play the wrong ball again.

That's My Ball™ has more than 90 different designs allowing you to find one that suits you to a tee. It is easy to use, durable, fast drying and waterproof.

Gift packs are available making it the perfect gift for the golfer who has everything. Replacement ink vials and ink pads also available so you don't need to buy the whole stamp again.

RRP: \$16.95

> ERC SOFT GOLF BALLS

ERC Soft is our longest golf ball with soft feel, and it's built for increased control around the green. To create all that distance, we've developed a High Energy Core that promotes maximum speed and total performance from tee-to-green.

The ERC Soft features a new Hybrid Cover made with a PARALOID™ Impact Modifier from Dow*. This high performance, multi-material construction promotes high launch and low spin for long distance, along with great feel in a durable offering. Around the green it provides outstanding control, so you can play aggressively on approach shots, and in your short game. The PARALOID allows us to make this ball so fast, and with so much spin.

*PARALOID™ is a trademark of The Dow Chemical Company ("Dow") or an affiliated company of Dow, used under license.

RRP: \$59.99

> REVA GOLF BALLS

THE new Callaway REVA is engineered for women who want to increase their distance, launch the ball higher, and have more fun out on the course. It promotes longer, straighter shots, and it's easy to hit with an oversized construction that conforms to the rules of golf. If you want to play with more confidence, then you need to try the new REVA.

RRP: \$39.99
