Cairns Golf Club

CAIRNS GOLF CLUB

ONE of Far North Queensland's premier golfing destinations, Cairns Golf Club is located just ten minutes from the Cairns city centre.

This 18-hole, par-72 championship course combines over a century of heritage with modern design, originally created by Australian golf pioneer Carnegie Clark and redesigned by Ross Watson in 1992.

Recently, the Club introduced a three-tier, skill-based tee system, ensuring every round is enjoyable for beginners while still

presenting a challenge for elite players. With strategic bunkering, natural water features, and lush tropical vegetation, the course offers both playability and visual appeal.

Beyond the course itself, Cairns Golf Club provides a genuine tropical golf experience. Players are often accompanied by local wildlife, while the surrounding Macalister Range forms a stunning backdrop. Golfers can fine-tune their game on the full-length, floodlit driving range equipped with 20 bays, explore the fully stocked Golf Shop, staffed by PGA Professionals, and then

unwind in the clubhouse with a drink or snack, socialising with fellow golfers as they soak in the tropical surroundings. Every visit is designed to be as enjoyable off the course as it is on it.

Open seven days a week, the Club hosts competitions from Sunday to Friday for both members and visitors, with major events held throughout the year. Online bookings are simple, discounted, and allow players to secure tee times or register for competitions with ease. With a fleet of 60 motorised carts and premium hire sets available.

Whether seeking a casual round, a competitive challenge, or a memorable tropical golfing experience, Cairns Golf Club delivers. Play a round amid the sights and sounds of Far North Queensland, soak in the scenery, and enjoy facilities designed for every type of golfer.

Book a tee time online today and experience championship golf in the tropics.
