

TECH ON THE TEE

THE LATEST GOLFING GADGETS TO HELP YOU PLAY YOUR BEST!

> DG 1009 RANGEFINDER

Our newest rangefinder is the 1009 that adds an external switch to turn slope measure mode off or on. A great help when using the device in a competition or tournament. With 3 modes of operation: standard, pin seeker and slope mean you have flexibility in measuring pins, trees, waste and elevation changes. Features include:

- 300m range (to golf pin)
- Pin finder technology
- Vibration when locked in

- Water resistant
- High contrast LCD
- 6x magnification
- Only 118g
- USGA / R&A compliant – legal for handicap & tournament play

With the light weight and quick response time this is the ideal addition to your bag.

RRP: \$289

> BLUE TEES SERIES 3 MAX

AT Blue Tees, we aim to push the bounds of technology and innovation in the world of golf.

With radical improvements to our series of rangefinders, the Series 3 Max takes innovation and technology to the next level.

After the huge success with its Series 2 Models – the S3 Max is Blue Tees Golf's entrance into the premium rangefinder market at an incredibly affordable price.

The Series 3 Max rangefinder offers our most advanced software, next-generation design, ultra-premium materials, and a custom weather-proof case.

Bringing Active Slope Switch Technology, Crystal Clear Display, Built-in Magnetic Strip, Advanced Flag Lock + Pulse Vibration, Auto-Ambient Tech, and more – all for a fraction of the cost compared to the competition.

RRP: Series 2 – \$299, Series 2 Pro – \$329, Series 3 – \$399.

> NEW BUSHNELL GOLF ION EDGE GPS WATCH

BUSHNELL Golf, #1 in Electronic Measuring Devices, unveiled the new ION EDGE. The ION EDGE has been designed to meet the ever-changing needs of golfers wanting wearable EMD's.

The ION EDGE features a new design with a touch-screen display and the Bushnell Golf app for automatic updates to the more than 38,000 preloaded courses worldwide.

The ION EDGE is one of the industries easiest to use golf GPS watches with instant yardage measurements.

"Creating EMD's that are both trusted on Tour and by the weekend golfer is extremely important to us," said William Flood, Global Product Manager at Bushnell Golf.

"The ION EDGE is user-friendly with industry leading technology at an affordable price."

The ION EDGE offers the golfer long battery life (15+ hours), and even more benefits such as a NEW touch-screen display, GreenView with moveable pin placement, Dynamic Green Mapping (front and back distances are shown based on golfer's line of play), shot distance calculator, and the ability to get up to six hazard distances per hole.

The ION EDGE Golf GPS Watch instantly recognizes courses. It features auto-hole advance which automatically changes from one hole to the next, so a golfer can start play and get front/centre/back

distances without touching any buttons the rest of the round.

Play Longer:
• 15+ Hour Battery.

Ready for Play:
Over 38,000 worldwide courses preloaded.
Additional Features:
• Touch-screen Display;
• Auto course recognition;
• Auto hole advance;
• Scorekeeper w/ Basic States;
• Easy-to-read front/centre/back distances;
• Hazard/layout distances (up to six per hole);
• Shot-distance calculator; and
• Bushnell Golf App included with purchase.

The ION EDGE GPS Watch will be available in two colour combinations – black and gray at Bushnell Golf retailers nationwide.

RRP: \$329.00

> BUSHNELL GOLF PHANTOM 2

THE NEXT EVOLUTION – EASY TO USE, CONVENIENT GOLF GPS, NOW WITH MORE BITE

THE Phantom 2 has evolved with numerous upgrades from its predecessor. Introducing GreenView distances with movable pin placements for more accurate distances, the Phantom 2 now offers "Dynamic Green Mapping," to provide distance measurements based on a golfer's line of play. Preloaded with more than 38,000 courses – along with up to six hazard/layout distances per hole. The Phantom 2 has upgraded "BITE Technology," an integrated, high-powered magnet that allows golfers to easily attach the device directly on a cart bar, providing quick and easy yardage readings with 40% larger text. Additional features include auto course and auto hole recognition, shot distance calculator and a battery life of eighteen-plus hours.

"Bushnell Golf prides itself on providing easy to use distance measuring devices for golfers of all skill levels, and the Phantom 2 delivers the simplicity and convenience golfers are looking for in a measuring device," said William Flood, Global Product Manager at Bushnell Golf. "Phantom 2 provides golfers with the critical distance information they need, while offering the convenience and reliability they are accustomed to from Bushnell Golf GPS products."

Bushnell Golf's latest, the Phantom 2 also integrates the Bushnell Golf Mobile App. The Phantom 2 uses the app to provide all course updates and additional course information to arm golfers with the confidence needed to hit accurate shots into greens.

The Phantom 2 is offered in four colors – Gray Camo, Neon Orange, Bright Royal Blue and

Black – and will be available at retail in late-April for \$229.00

About Bushnell Golf

Bushnell Golf, a Vista Outdoor brand, is the #1 electronic measuring device choice of golfers, offers a full array of rangefinders, which continue to change and improve the way golfers assess distances, ultimately improving performance. For more information on the Bushnell Golf family of rangefinders, visit the company's website at www.bushnellgolf.com.au

> GARMIN: NEW APPROACH R10 PORTABLE LAUNCH MONITOR

GET more from your game with the Approach® R10 portable launch monitor.

It's small and easy to move from home to the driving range, tracking more than a dozen metrics including club-head speed, ball speed, spin and more.

Train more effectively by seeing your shots on a shot dispersion chart and record video clips of your swing with visual metrics on your smartphone. Play over 42,000 courses on the golf simulator and engage in friendly global competition with weekly tournaments on the Garmin Golf™ app.

While you're playing your favourite course at home or on the range, get up to 10 hours of battery life between charges.

Features:

- Improve your game at home, indoors or on the driving range with a portable launch monitor;
- Track key metrics to help better your shot consistency, including club-head speed, ball speed, swing tempo, ball spin, launch angle and more;
- Understand your golf strengths and areas for improvement by using training mode, which tracks stats for each club and shows a shot dispersion chart based on estimated ball flight;
- See and analyse your own swing with automatically recorded video clips that include the metrics of that swing;
- Play virtual rounds on over 42,000 courses around the world and take part in a weekly tournament with scores posted to our global leaderboard;
- Included phone mount easily attaches to a golf bag for better viewing and easier interaction with the Garmin Golf™ app; and
- Enjoy more time on the range with up to 10 hours of battery life.

> GARMIN APPROACH® S62

WE'VE got your game with Approach® S62, a premium GPS golf watch that puts critical information from more than 41,000 full-color course maps worldwide on your wrist. It sports a large, easy-to-read 1.3" color touchscreen and a style that features smart notifications, activity tracking features and Garmin Pay™ contactless payments. The PlaysLike Distance feature accounts for uphill and downhill shots, and Virtual Caddie takes into account wind conditions and past swings to select the best club for each shot.

Features:

- Large 1.3" easy-to-read color touchscreen display (18 per cent larger than Approach® S60) with scratch-resistant ceramic bezel and interchangeable QuickFit® bands;
- Virtual Caddie suggests club based on typical distance the golfer hits that club, factors in wind speed and direction, and indicates where the golfer should aim on the map;
- Hazard View allows you to quickly scroll through each hazard on the map ;
- PinPointer feature tells you the direction to the pin when you have a blind shot so you can know where the pin is — even if you can't see it;
- Green View feature allows manual pin positioning; quickly reference distances to the front, middle and back of the green as well as hazards and doglegs;
- Pair with the Garmin Golf™ app for strokes gained analysis, to participate in leaderboards and tournaments, and to gain more insights into your game;

- AutoShot round analyzer measures and auto-records detected shot distances and pairs with optional Approach® CT10 club tracking sensors for more automatic game tracking capabilities; and
 - Battery life: up to 20 hours in GPS mode, 14 days in smartwatch mode.
