#### > THE ULTIMATE GIFT: HUSQVARNA AUTOMOWER® 320 NERA

**Advanced Robotic Mowing for Lawns Up to 3300 m<sup>2</sup>**

SEARCHING for the perfect gift for a homeowner or garden enthusiast? The Husqvarna Automower® 320 NERA is the premier choice this holiday season, offering next-level lawn care with an impressive capacity for complex lawns up to 3300 m<sup>2</sup>. Engineered for reliable, robust performance and effortless control, it's a gift that transforms outdoor maintenance into a seamless, enjoyable experience.

The Automower® 320 NERA elevates lawn care with systematic mowing patterns for precise and even results across every inch of your yard. Its robust design ensures reliable operation in all weather conditions, while the patented non-fixed front axis boosts agility and slope performance—tackling inclines up to 50% with ease. GPS-assisted navigation not only supports consistent mowing coverage but also maximizes efficiency on intricate properties.

Take advantage of flexible, precision mowing using virtual boundaries, easily set up through the Automower® Connect

app in combination with the Husqvarna EPOS™ plug-in and Reference Station. This innovative, wire-free solution eliminates the risk of boundary wire breakage and allows you to adapt mowing zones to seasonal or landscaping changes. For those preferring traditional installation, the area capacity is up to 2200 m<sup>2</sup> with a physical boundary wire.

Enjoy the convenience of smart home integration—control your Automower® 320 NERA with voice commands using Alexa or Google Home, automate routines with IFTTT, and manage your lawn from anywhere via the intuitive mobile app.

Give the gift of a pristine, perfectly maintained lawn—no effort required. The Husqvarna Automower® 320 NERA is a thoughtful and impressive choice for anyone who appreciates technology, sustainability, and beautiful outdoor spaces.

Husqvarna Automower® 320 NERA -

## > PLANESWING

HAVE you ever wondered what an "on plane" golf swing could do for your game?

*Awesome! Got my PlaneSWING and within one week totally transformed my swing and became a consistent ball striker. Mike Krupski*

With PlaneSWING® you feel it, understand it and rapidly see the results, whether a novice golfer or a Major Winner like Dustin Johnson and Bryson DeChambeau. It truly is revolutionary!

No surprise our customers include players on all the main Tours, leading coaches and golfers of all levels in over 80 countries.

Knowing how your body should work in relation to the golf swing is key to power and squaring the club face at impact.

Being on plane at the top of your backswing is achieved through greater width and rotation

With an improved angle of attack, this enables you to build momentum for increased clubhead speed, resulting in a powerful release for extra distance and improved accuracy.

You're going to get better and fitter and discover a game you thought was gone forever.

PlaneSWING's the gift that gives you more. More distance, more fairways, more greens!

Check out our genuine unrivalled reviews and start your transformation today.

## > THE FINN GOLF SCOOTER

"THE Finn Golf Scooter is available now at [www.RYDRGolf.com](http://www.RYDRGolf.com) for \$5,399 AUD. You can purchase it directly through their website, with multiple payment options available.

• Revolutionizing the Fairway: Why RYDR Golf Swears by the Finn Scooter

At RYDR Golf, we believe the game should be as exhilarating between shots as it is at the tee. That's why we've embraced the Finn Golf Scooter—a sleek, single-rider electric scooter that's transforming how players move through the course. Designed for speed, style, and simplicity, the Finn isn't just a mode of transport—it's a game-changer.

• Speed Meets Flow

Traditional carts slow the pace with shared rides and zigzagging routes. The Finn Scooter empowers each golfer to ride directly to their ball, keeping the rhythm of play smooth and fast. Rounds are consistently 25–30% quicker, meaning

more golf, less waiting, and a better experience for everyone on the course.

• Smart, Sustainable Power

Powered by a lithium-ion battery, the Finn delivers silent, emission-free rides across 36 holes on a single charge. It's a win for the environment and for clubs looking to reduce their carbon footprint without compromising performance.

• Built for Golfers, by Golfers

With intuitive controls, a stable ride, and a secure bag mount that keeps clubs upright and accessible, the Finn is engineered for comfort and convenience. Its rugged tires and low centre of gravity make it safe on slopes and slick terrain, while its compact design reduces wear on turf.

• Available Now at RYDR Golf

The Finn Golf Scooter is available exclusively through RYDR Golf in Australia for \$5,399 AUD. It's more than a purchase—it's an investment in faster, more enjoyable rounds. Visit [www.rydrgolf.com](http://www.rydrgolf.com) to order yours today.

Discount Code "IGM15"  
Offer valid while stock last  
or 31 December 2025.

• The RYDR Edge

For RYDR Golf, the Finn aligns perfectly with our mission: to elevate the player experience through innovation. It's not just about getting from hole to hole—it's about making every moment on the course more dynamic, more personal, and more fun.

The future of golf mobility is here. And it rides on two wheels.

## > GRIPCADDIE - THE ULTIMATE STOCKING STUFFER FOR GOLFERS

TIRED of slippery, dirty grips ruining your shot? GripCaddie is the simple yet genius tool every golfer needs in their bag. ### > GOLF CART BATTERY REVIVER

THE BLS Battery Reviver brings your old, sulphated golf cart batteries back to life and can increase the life of new or near new batteries by up to three times. There are no moving parts in a battery and the main reason the batteries don't perform like they used to is the buildup of Sulphur on the lead plates. This results in two things, lower voltage and weak sulphuric acid. Both reduce the performance of the batteries and eventually kill them. The BLS Battery Reviver was developed and patented in the US to reverse this process by restoring the voltage and the sulphuric acid strength.

With over 5000 units sold in Australia to golf clubs and golfers you can't go wrong. Have a look at the testimonials on our website, they are all genuine.

It's easy to fit and only costs a fraction of the cost of new batteries. Cost is \$298.00 with no postage and handling within Australia.

**SPECIAL OFFER: All orders received before Christmas will receive a free pair of Find-a-Ball Golf Glasses**
